

ULTRA PREMIUM PURE SILK SERI POWDER

Upcycled French silk. Soft focus. Expert-panel tested.

SERIBEAUTY *by* SERICYNE[®]

ULTRA PREMIUM SILK SERIPOWDER

Our silk powder is made from Sericyne silk, a rare, 100% natural material produced in France, in the Cévennes, through a patented cruelty-free process. Upcycled from our silk patch offcuts.

Natural origin

Upcycled silk

Cruelty-free patented
process

Expert-panel tested

WHY SILK POWDER?

More than a texturiser, a visible beauty effect

Micronised at very low temperature into ultra-fine particles (approx. 4–5 μm), our silk powder diffuses light to smooth the look of the skin surface and blur imperfections. Dispersible in formulas, it works as a premium sensory excipient with a unique silky touch.

BENEFITS FOR CONSUMERS

Soft-focus effect

Blurs imperfections

Silky finish

No white cast on all
skin tones

Talc-free

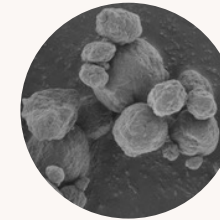

WHY CHOOSE SERIPOWDER?

THE ULTRA-FINE SILK SPHERE

Ultra-micronised spherical silk particles (approx. 4–5 μm) for a silky glide and a soft-focus finish.

01/ UPCYCLED
offcuts from our French silk
patches are collected

02/ MICRONISED
cryo-milled at very low
temperature into ultra-fine
particles

03/ REVEALS
particles diffuse light for a soft-
focus, blurring finish
